Winter 2007-8

Dear Partners in Missions,

Warm New Years greetings! Thank you for your all-important prayers, your support, and your Christmas greetings and gifts.

These past several months were wonderful and difficult all at the same time. Several projects came to critical points and the teaching trip to Mongolia culminated in pneumonia for me. The Lord graciously intervened. The undergraduate applied ministry and skills components were revised and added to all courses.

Faculty feedback to students for these components was added to the process and a means of data collection for student outcomes was put in place. All this was completed in time for the NCA Higher Learning Commission site-visit in December. The Global Kids project went through its final edit and will be through desktopping within a week or so. The Lord opened several doors of ministry besides teaching "Themes from the Major Prophets" at the Mongolian Assemblies of God Bible College during November.

I have deep appreciation to the LORD and you for your parntership with me in missions. Thank you! May this year be filled for you with every blessing from the LORD's gracious hand.

And this gospel of the kingdom shall be preached in the whole world as a testimony to all nations, and then the end will come.
